INTRODUCTION

This repair guide will help to replace the Lenovo Thinkpad Edge E520. This guide will be useful if your device does not power up correctly or has a short battery life.

Step 1 — Battery

 Power off computer before the start of these steps.

- Close the computer screen.

Step 2

- Flip the computer so that the back is facing upwards.

 The switch should be located towards the hinge of the laptop near the battery pack and have a lock icon associated with it.

Step 3

- Slide the switch towards the unlocked lock icon.
- While holding it in the unlocked position, slide the battery towards the hinge.
- Fully separate the battery pack from the back of the laptop.

To reassemble your device, follow these instructions in reverse order.
