Lenovo Vibe Z2 Pro Battery Replacement

In this short tutorial we will show how to replace the battery on the Lenovo Vibe Z2 Pro.
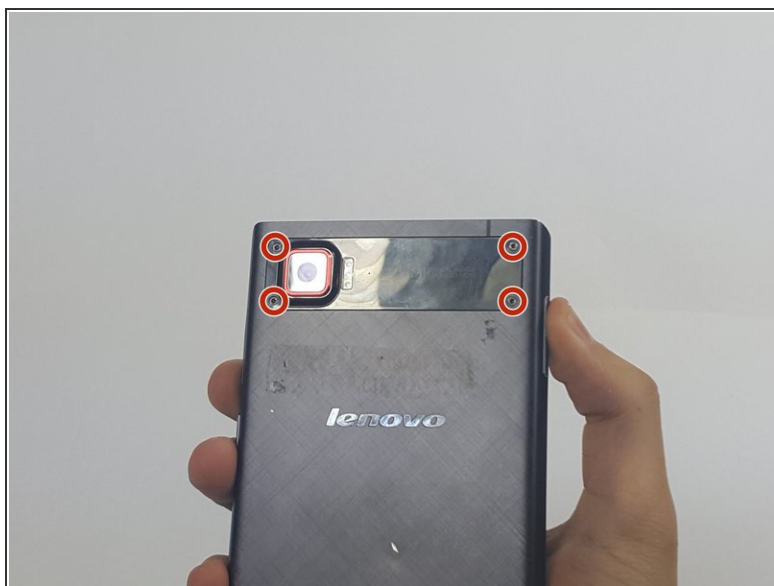

Written By: Bryan Sepulveda

INTRODUCTION

If your phone is having issues holding a charge or the battery doesn't charge, it might be time to replace your phone's battery. Find out how to replace it in this guide

🔧 TOOLS:

- T4 Torx Screwdriver (1)
- Spudger (1)

Step 1 — Lenovo Vibe Z2 Pro Backplate Disassembly

- Remove the 4.9 mm torx head screws located on the camera plate on the back of the phone

Step 2

- Remove the 3.65 mm Torx head screws at the bottom of the phone.

Step 3

- Remove the SIM card tray by pushing a pin into the hole on the side of the phone.

Step 4

- Push the Spudger along the gap between the phone and the backplate to separate them.

Step 7

- Remove any adhesive strips holding the battery in place gently using a fingernail or spudger.
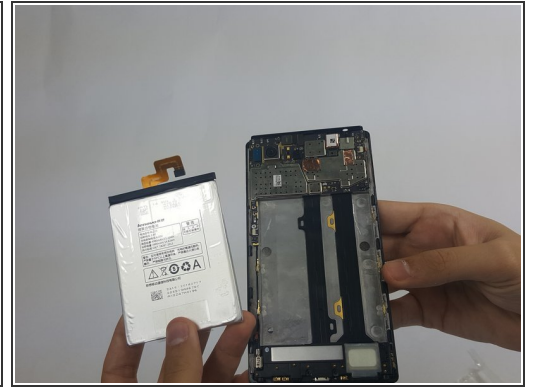

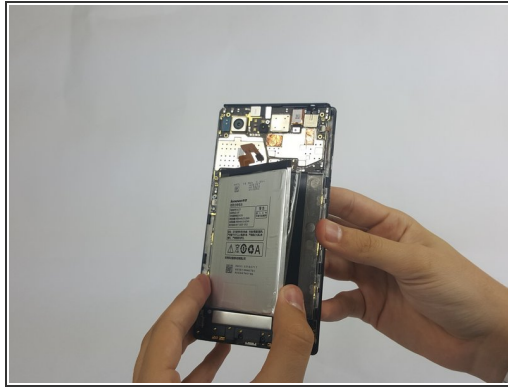

⚠️ The regular black nylon spudger should be used whenever possible, especially around batteries.

Step 8

- Disconnect the orange battery ribbon cable by gently lifting with a spudger.

Step 9

- Insert a fingernail or spudger into either side of the battery and lift upward.

- Remove the battery from phone.

To reassemble your device, follow these instructions in reverse order.
