

# Lenovo Yoga 920-13IKB USB 3.0 Port Replacement

How to replace the USB 3.0 port on the Lenovo Yoga 920-13IKB.

Written By: Alyssa McCulloch

# INTRODUCTION

This guide shows how to replace the USB 3.0 port on the Lenovo Yoga 920-13IKB.

## TOOLS:

- [iFixit Opening Tools](#) (1)
- [T5 Torx Screwdriver](#) (1)
- [Tweezers](#) (1)

## PARTS:

- [Lenovo Yoga 920-13 USB-C Board](#) (1)

## Step 1 — Back Cover

-  Flip the device over to access the screws on the back cover.
- Remove the ten 5mm Torx T5 screws on the back cover to loosen the back cover.

## Step 2

- Slide the iFixit Opening Tool under the back cover to lift it up.
- Pull up on the cover with your hand to release the tab holding the center of the cover in place.

## Step 3 — USB 3.0 Port

- Disconnect the red and black wire connected to the speaker using the iFixit Tweezers.

## Step 4

- Lift up the black tab on the flat cable connector with the iFixit Opening Tool.

## Step 5

- Flip up the tab using the iFixit Tweezers to release the flat cable.

## Step 6

- Undo the two 3mm Phillips #00 screws to loosen the USB 3.0 board.

## Step 7

- Remove the USB 3.0 Board from the device using the iFixit Opening Tool.

To reassemble your device, follow these instructions in reverse order.
