# Lenovo Yoga Tablet 10 Back Cover Replacement

This guide will show you how to remove the back cover of your Lenovo Yoga Tablet 10.

Written By: Juan Benjamin

## INTRODUCTION

This is a prerequisite to many other repairs for the device.

## 🔧 TOOLS:

- iFixit Opening Tools (1)
- Spudger (1)

www.iFixit.com

## Step 1 — Back Cover

- Remove the two Phillips #000 screws.

- ⓘ These screws are located behind the stand for the device.

- ⓘ Our device did not include these screws.

## Step 2

- Use a plastic iFixit opening tool to pry the edges of the back case loose by placing it in between the edge of the cover and the screen.

- ⚠ Do not immediately attempt to remove the back of the case without attempting Step three, or you risk snapping the back cover.

## Step 3

- Use the spudger to reach into the center of the device and pry off the back case by giving it a light force upwards.

To reassemble your device, follow these instructions in reverse order.
