Logitech G910 Power Cord Replacement

This guide will show how to replace the cord from the Logitech G910 keyboard.

Written By: Ahmed Al Hasan

INTRODUCTION

This guide will teach you how to replace the power cord of your device. It's a relatively easy process, and you won't be needing any special skills.

🔧 TOOLS:

- Phillips #0 Screwdriver (1)
- Metal Spudger (1)

Step 1 — Power Cord

- Turn over the keyboard and remove the three screws using a Phillips #0 screwdriver.

Step 2
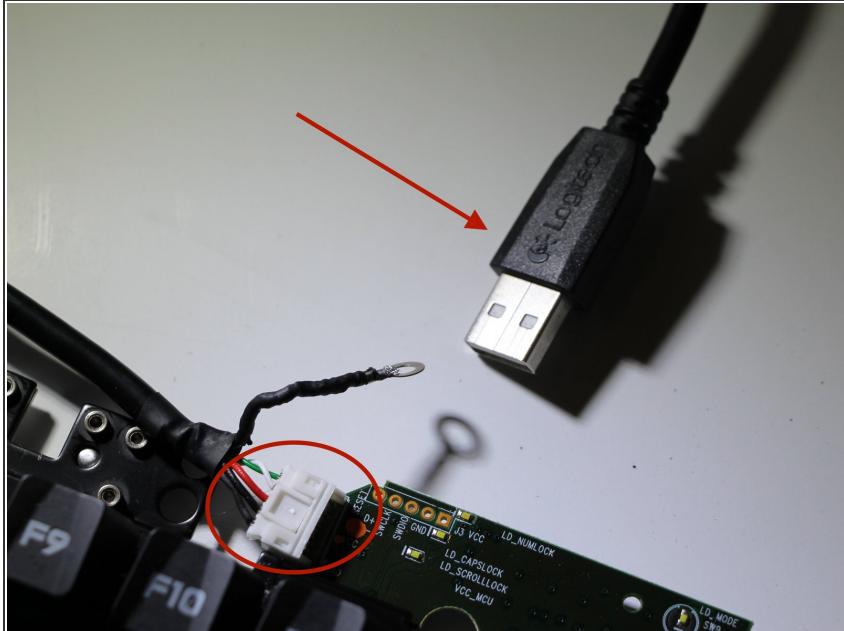

- Remove the USB from the keyboard.

Step 3
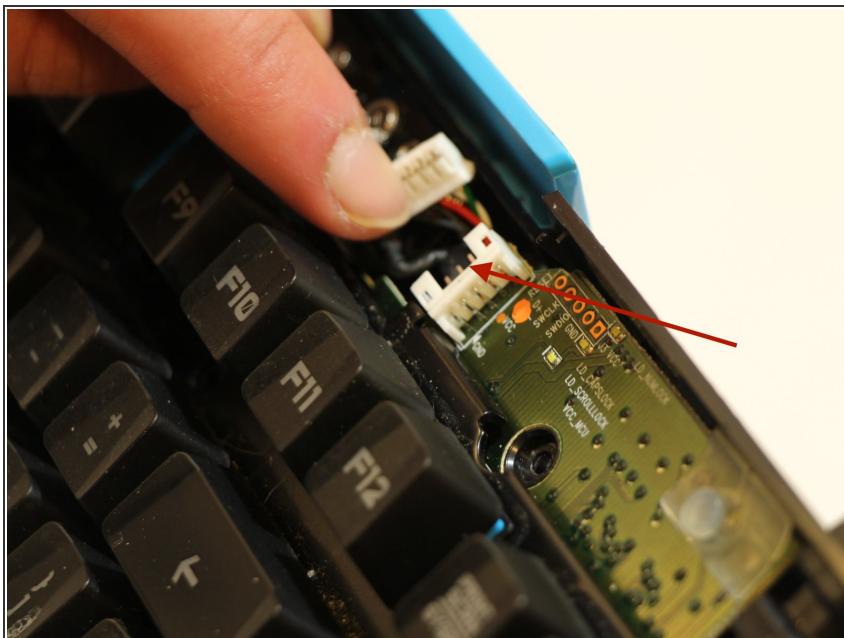

- Make sure the cord tab is not broken.

Step 4
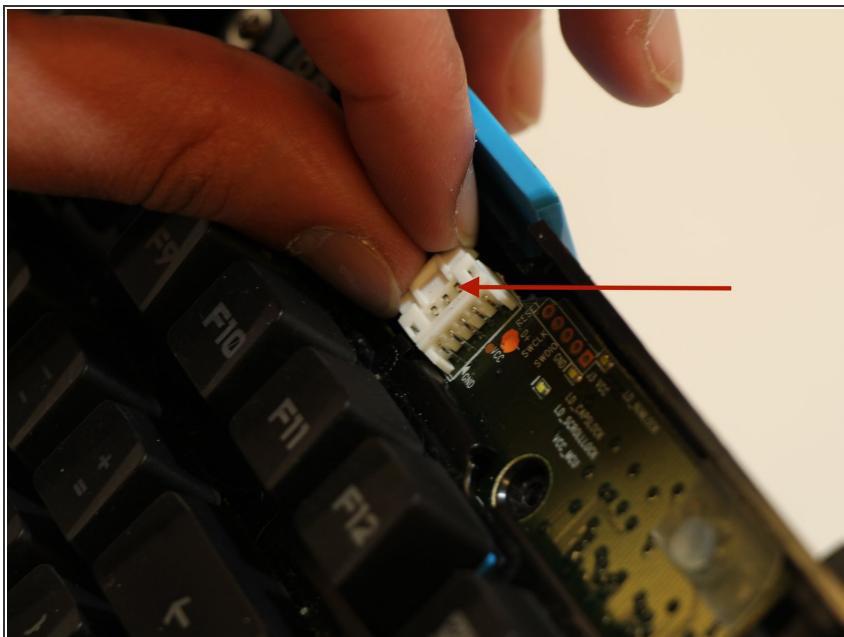

- If the cord tab is not broken, close it back.

To reassemble your device, follow these instructions in reverse order.
