

Logitech UE Boombox Battery Replacement

This will guide you through the procedure for battery replacement.

Written By: Breean Mokede

INTRODUCTION

We are going to guide people through the replacement of the lithium ion battery pack located inside the Logitech UE Boombox.

TOOLS:

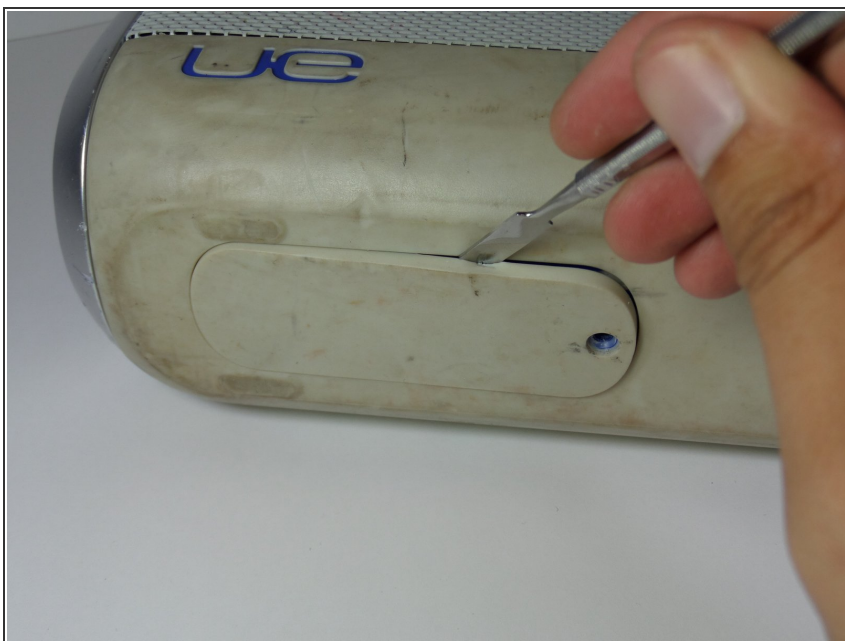

- [Phillips #2 Screwdriver](#) (1)
 - [Metal Spudger](#) (1)
-

Step 1 — Lithium Battery

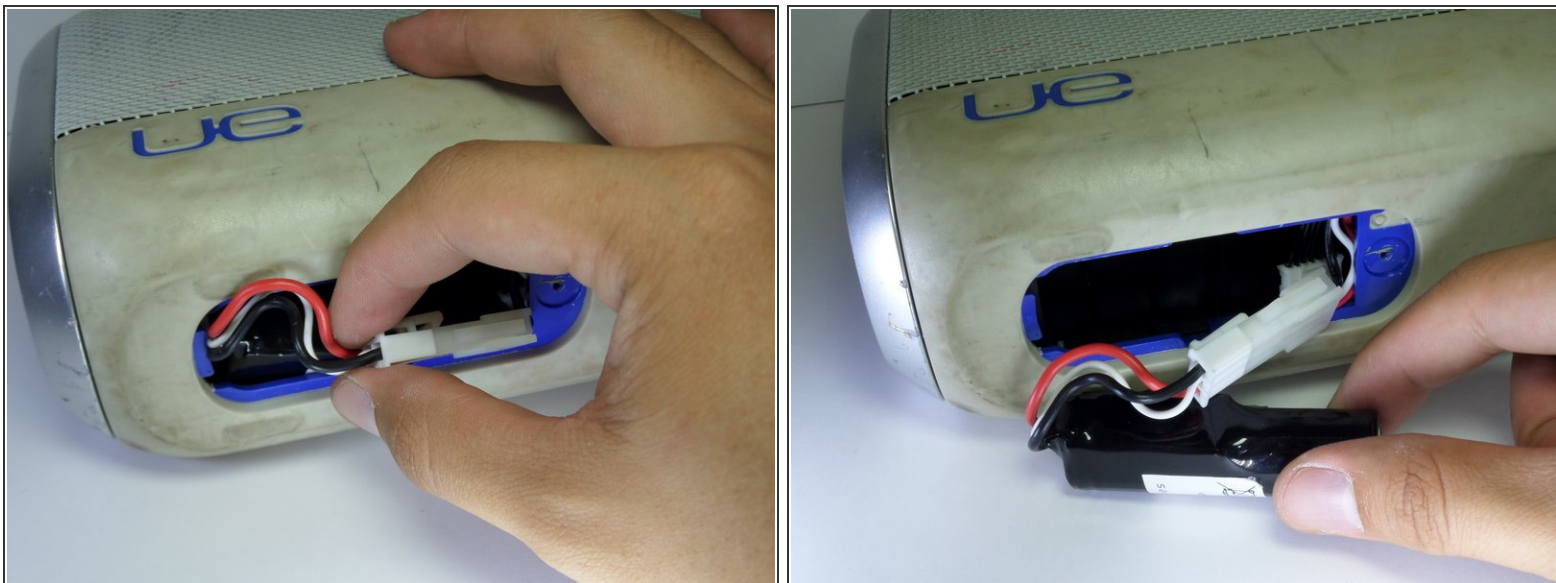

- Place the Boombox on the side with its bottom facing you.
- Remove one 8 mm Phillips #2 screw.

Step 2

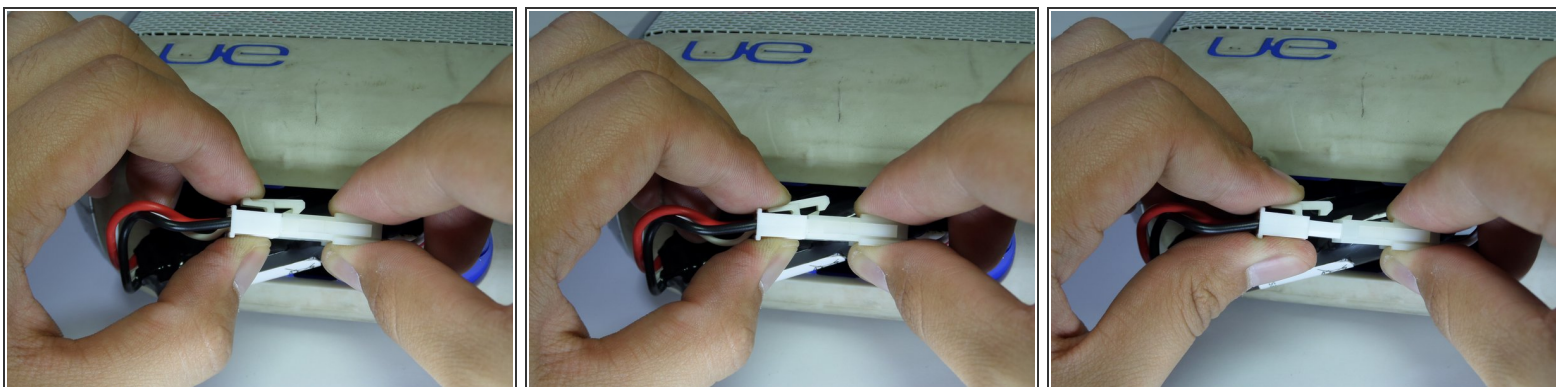

- Pry off the rubber battery cover using a metal spudger.

Step 3

- Expose the battery by gently pulling it away from the battery cavity.

Step 4

- Firmly press down on the end of the latch and pull connector apart.

To reassemble your device, follow these instructions in reverse order.
