

MSI GE72 6QF Apache Pro Hard Drive Replacement

A step by step guide to replace the hard drive in your MSI GE72 6QF Apache Pro

Written By: Tanmay Kumar

INTRODUCTION

This guide will teach you how to replace the hard drive in you MSI GE72 6QF Apache Pro

TOOLS:

- [Phillips #1 Screwdriver \(1\)](#)

Step 1 — Battery

⚠ Make sure the laptop is off and unplugged (not charging).

- With the laptop closed and upside down, unscrew the nineteen 5.5mm Phillips #1 screws that keep the back cover in place.

Step 2

- Using your fingers, gently loosen the edges of all four sides of the back cover.
- Gently pull off the back cover.

Step 3

- Unscrew the single 5.5mm Phillips #1 screw keeping the battery secure.

Step 4

- Grab the battery with your fingers and gently pull it up and away from the rest of the laptop.

Step 5 — Hard Drive

- Remove the two 5.5mm screws with the Phillips #1 screwdriver.

Step 6

- Gently pull out the hard drive by wiggling it from right to left with your hands until it is removed.

To reassemble your device, follow these instructions in reverse order.
