INTRODUCTION

This is to help you take the back panel off your device to help you start the process of replacing things in your device.
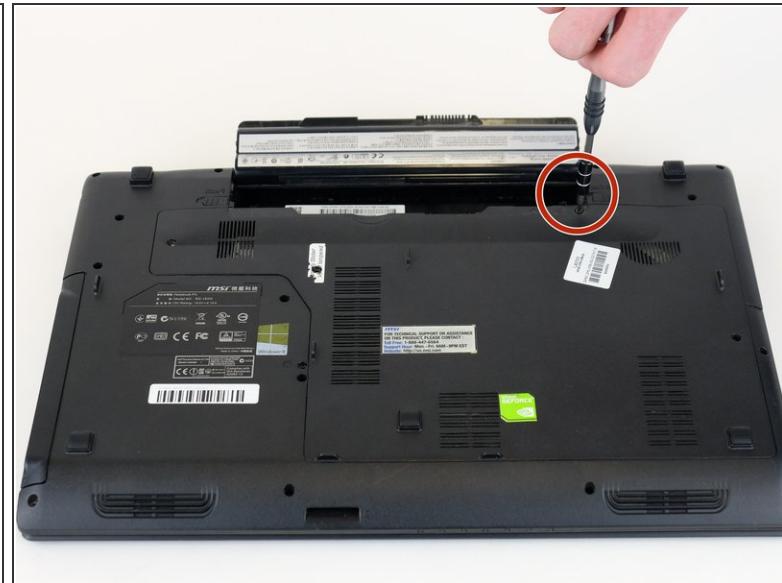

🔧 **TOOLS:**

- Phillips #00 Screwdriver (1)

This document was generated on 2019-09-19 10:13:01 PM (MST).

Step 1 — Back Panel

- Flip the device over so the back is facing up.

Step 2

- Remove the four 5mm screws from the back of the device using a Phillips #00 screwdriver.
- There is a screw located under the battery; lift the battery up to access it.
