INTRODUCTION

Use this guide to replace or remove the Input/Output door.

Step 1 — Input/Output Door

- Orient the computer right side up with the rear facing you.

- Open the Input/Output (I/O) door.

Step 2

- Carefully bend the door into an arch until one of the pins releases from its slot.

- Once one of the pins is free, remove the I/O door from the computer.

To reassemble your device, follow these instructions in reverse order.
