INTRODUCTION

If your Magic Bullet Nutri Bullet Pro is not receiving power as a result of a faulty power cord, use this guide to replace the power cord. To use this guide, first follow steps one and two of the disassembly guide.

TOOLS:

- Phillips #0 Screwdriver (1)

Step 1 — Power Cord

- Follow steps one and two from [Magic Bullet NutriBullet Pro Disassembly](#) before following these next steps.

Step 2

- Cut the zip tie using scissors.

Step 3

- Pull off the rubber covers and separate the wires using a soldering kit.

To reassemble your device, follow these instructions in reverse order.
