## Step 1 — Modal Rechargeable Wine Opener power button

- Carefully place the spudger under the black cylindrical ring and pry it off the top.

Step 2

- Remove the spring
- Remove the spring guide as well to obtain clear access to the screws

Step 3

- Remove all four 4mm screws with a J1 Screwdriver

- Remove the clear cylindrical cap

Step 4

- Apply pressure to both of the springs on the surface near the corkscrew, releasing the button port.
