Step 1 — Battery

- Hold the phone and pull the back latch down towards the bottom.

- Remove the back panel by releasing the latch and lifting from the top.
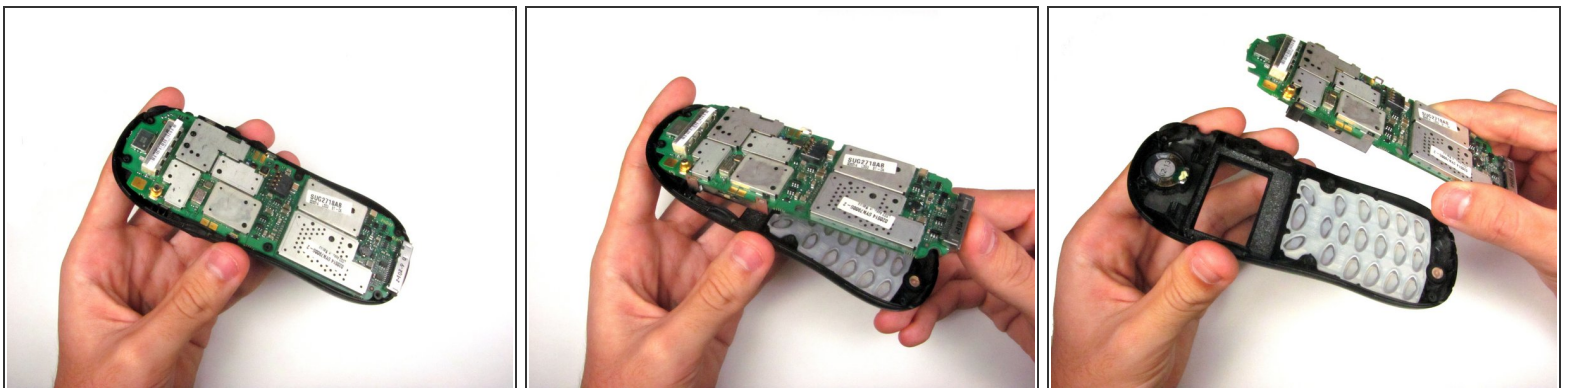

Step 2

- Remove the battery by pushing the bottom end towards the top, then lifting up.
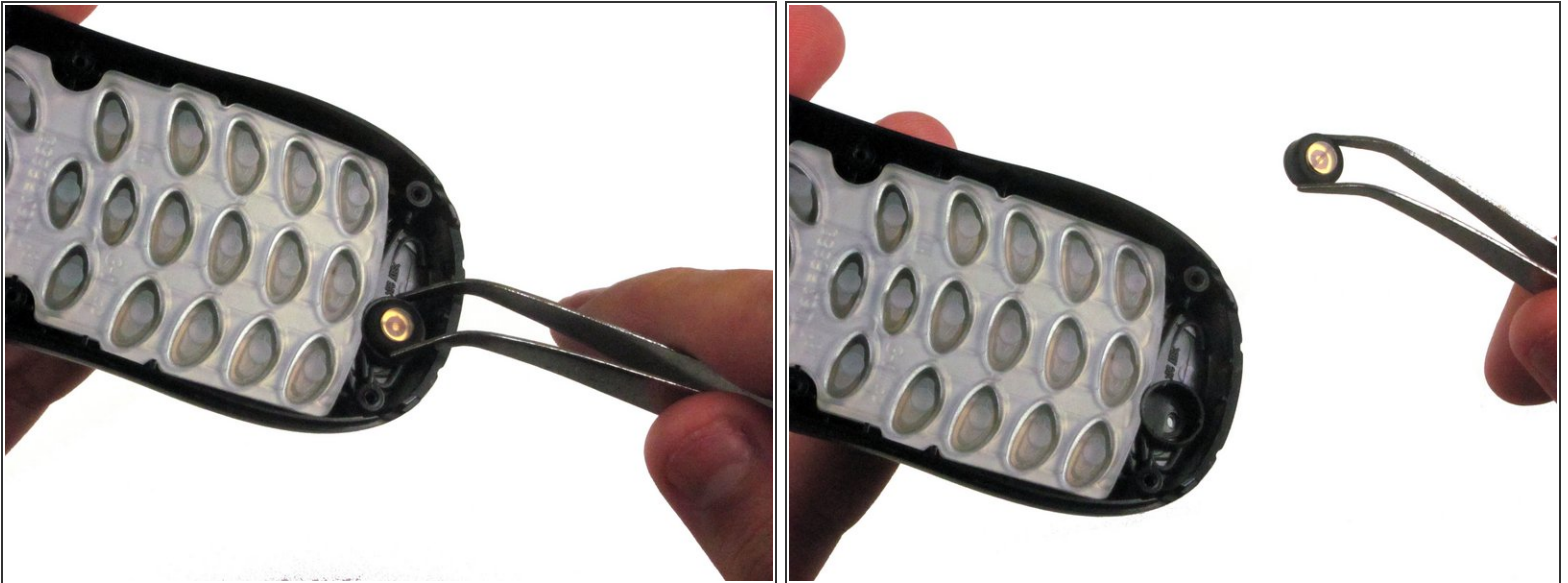

Step 3 — Motherboard

- Once the battery is out, unscrew the six 7.0 mm screws with T-6 screwdriver.

- Once the screws are removed, simply lift the back panel off

Step 4

- Remove the motherboard by lifting it up and out.
