

Motorola Droid Turbo 2 Earpiece Speaker Replacement

Replace your Droid's earpiece speaker to restore full volume during calls.

Written By: Abigail Travis

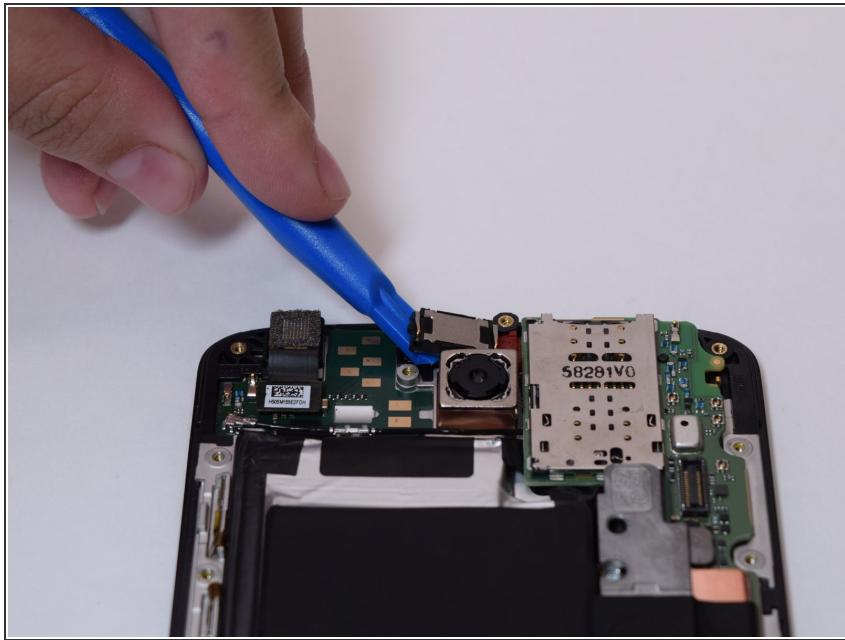

INTRODUCTION

Follow this guide to replace your Droid's broken earpiece speaker.

TOOLS:

- [Tweezers \(1\)](#)
- [Spudger \(1\)](#)
- [iFixit Opening Tools \(1\)](#)
- [SIM Card Eject Tool \(1\)](#)
- [T4 Torx Screwdriver \(1\)](#)
- [iFixit Opening Picks set of 6 \(1\)](#)

Step 1 — Earpiece Speaker

- Use the plastic opening tool or spudger to delicately pry the earpiece speaker up and remove it from the phone.

i Adhesive is holding down the earpiece speaker, so you may have to use gentle force to fully remove the speaker.

To reassemble your device, follow these instructions in reverse order.
