

# Motorola Moto E4 Battery Replacement

This guide will show how to replace the battery of the Moto E4.

Written By: Nate Tjepkema

## INTRODUCTION

Use this guide to remove or replace a battery in your Moto E4.

This guide can also be used to gain access to the SIM card slot and the micro SD card slot.

### TOOLS:

- [iFixit Opening Tools](#) (1)
- [Spudger](#) (1)

## Step 1 — Remove the rear cover

⚠ Before removing the battery, power off your Moto E4.

- Remove the plastic cover by gently prying it up from the notch at the bottom right corner of the phone.
- With the phone face down, lift the battery up by the labeled tab and remove it from the device.

To reassemble your device, follow these instructions in reverse order.
