

Nokia 3310 3G Battery Replacement

This guide will detail the steps on how to replace the battery on your Nokia 3310 3G.

Written By: Taylor Lyford

INTRODUCTION

How to remove the battery, and gain access to the model number sticker and screws for disassembly.

TOOLS:

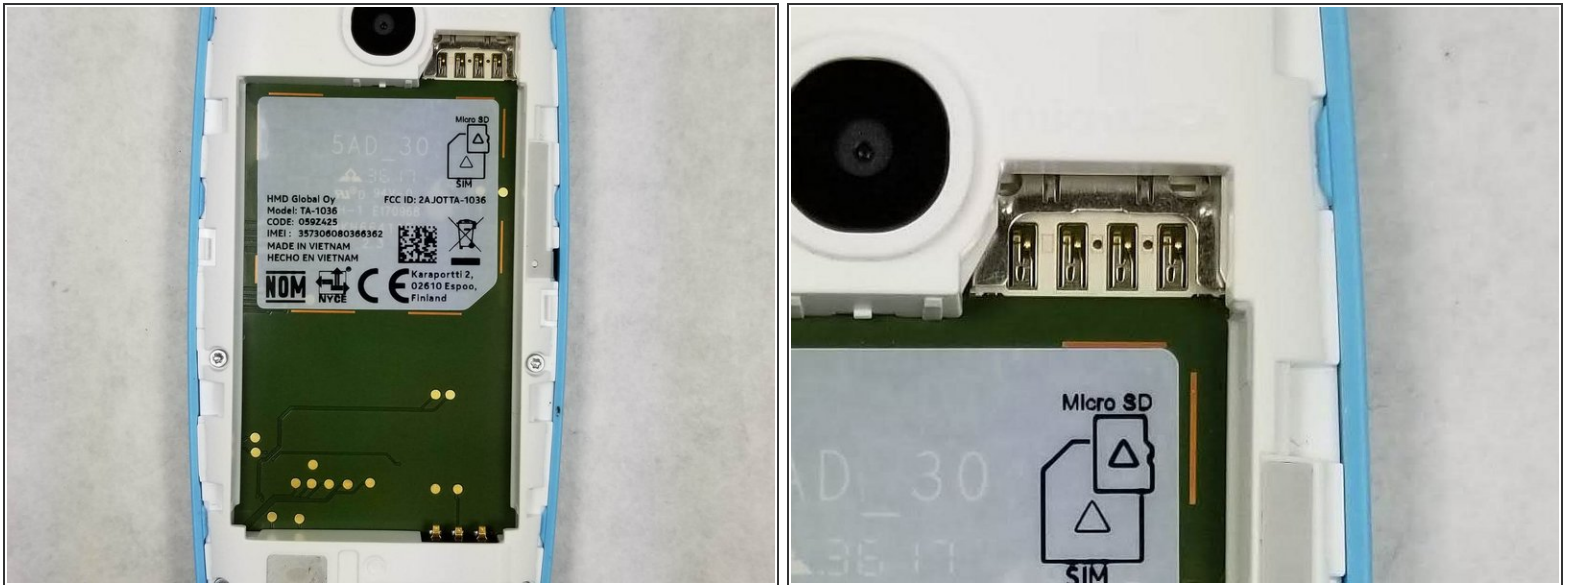

- [iFixit Opening Tools](#) (1)
-

Step 1 — Battery

- Using the thumbtab molded on the bottom of the phone, pry the back cover off using either a fingernail or a plastic opening tool.

Step 2

- There is a molded notch in the white frame of the phone near the top right of the battery. Using either a finger or a plastic opening tool, utilize the notch to lift up on the battery, and remove it from the device.
- ⓘ This specific device did not come with a battery.

To reassemble your device, follow these instructions in reverse order.
