

# Nylon Tips Replacement

Replace the nylon tips.

Written By: Aiden Baker

## INTRODUCTION

This guide will show you how to replace the tips on your nylon tweezers.

### TOOLS:

- Phillips #0 Screwdriver (1)

### PARTS:

- Nylon Tipped Tweezers (1)

Tips

## Step 1 — Nylon Tips

- remove 4 PH0 philips screws, 2 on each side.
- *(i)* Hold the sides so the tips don't move while you are removing the screws.
- Remove the tip.
- *(i)* Repeat on opposite side.

To reassemble your device, follow these instructions in reverse order.
