## Step 1 — Battery

 Make sure your Palm Pre 2 is turned off before taking apart the phone.

- Use a plastic opening tool to remove the rear cover. Slide the opening tool along the slit to release the plastic tabs.

## Step 2

- Pull on the tab to remove the battery.

 If the battery will not connect, insert a thin piece of cardboard between where the battery lies and the phone.

To reassemble your device, follow these instructions in reverse order.
