INTRODUCTION

This guide shows you how to easily replace the battery on the Palm Treo 700w.

Step 1 — Palm Treo 700w Battery Replacement

- Before starting to replace the battery, put the phone to sleep by pressing the off button.

- Then carefully remove the cover by pressing on the button below the speaker on the back of the phone.

Step 2

- Then using you thumb, pull the battery out of the socket from left to right.

Step 3

- Take the new battery and making sure that the contacts on the battery face the contacts on the battery socket.

Step 4

- Place the battery on the socket by pushing it to the right.
