Step 1 — Battery

- Slide the back cover down towards the bottom of the phone to remove.

Step 2

- Pull the top of the battery towards you to remove it from the phone.

Step 3 — Replace Phone Face

- Unscrew the two screws located at the bottom of the phone.

- ⓘ Use a PH00 Phillips head to remove the 9 mm screws.

Step 4

- Separate the back cover from the front cover by using a wedge.

- Remove the back cover from the front cover by pulling them apart.
