Step 1 — Battery

- Slide the back cover down towards the bottom of the phone to remove.

Step 2

- Pull the top of the battery towards you to remove it from the phone.
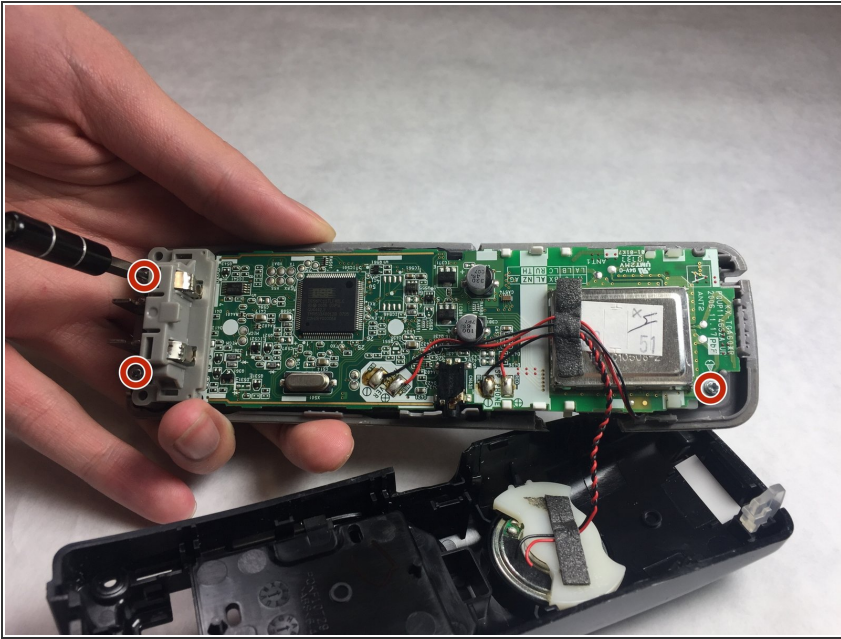

Step 3 — Replace Phone Face

- Unscrew the two screws located at the bottom of the phone.

- ⓘ Use a PH00 Phillips head to remove the 9 mm screws.
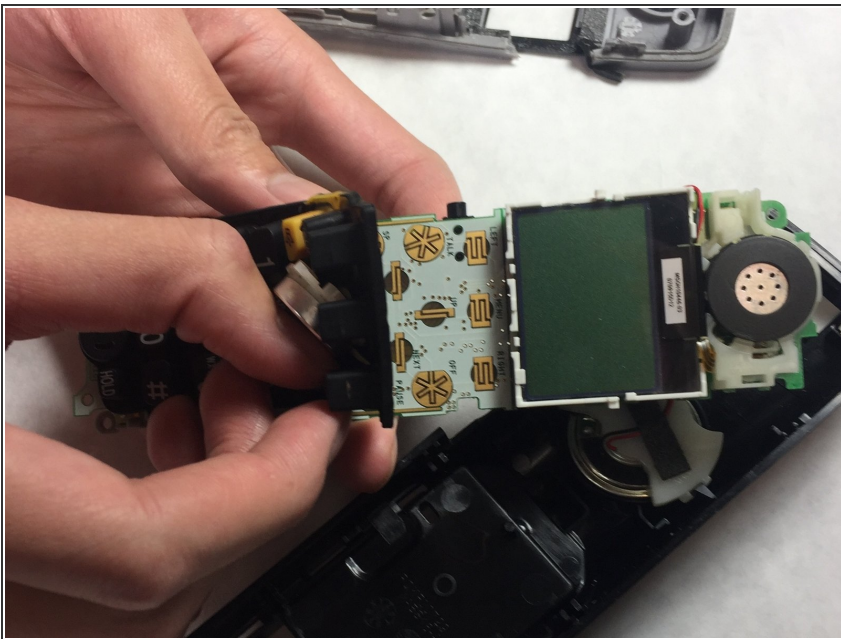

Step 4

- Separate the back cover from the front cover by using a wedge.

- Remove the back cover from the front cover by pulling them apart.

Step 5

- Remove three screws on the motherboard.

- Pull the phone face off of the motherboard.

Step 6 — Button Pad

- Remove the button pad.

To reassemble your device, follow these instructions in reverse order.
