INTRODUCTION

Are you pressing the power button but your camera stays turned off? Replacing the battery is a quick fix that should solve this problem.

Step 1 — Battery

- Looking at the bottom of the camera, slide the OPEN/LOCK switch to the left into the OPEN position.

- ⓘ The battery housing door should swing open.

Step 2

- Flip the inside switch up to release the battery.

Step 3

- Grip the edge of the battery and pull it out.

- (i) Use a LUMIX Panasonic DMW-BLE9PP Battery Pack for replacement.

To reassemble your device, follow these instructions in reverse order.
