Step 1 — Shutter and Power Button

- Use your finger to peel the grip off the top of the camera.

- For best results, start from the right side of the camera, opposite from the buttons.

- ⚠️ Once the grip is removed, you will most likely lose the water-tight seal.

Step 2

- Use the tweezers to remove the two buttons from the top of the camera.

- ⓘ The buttons may fall out while removing the grip.

To reassemble your device, follow these instructions in reverse order.
