

# Pioneer A1 XW-SMA1-K Speaker Replacement

How to replace Pioneer A1 XW-SMA1-K speakers.

Written By: Luke Patton

---

## INTRODUCTION

If you are looking to replace the speaker in your Pioneer A1 XW-SMA1-K then this is a guide instructing you how to.

---

### TOOLS:

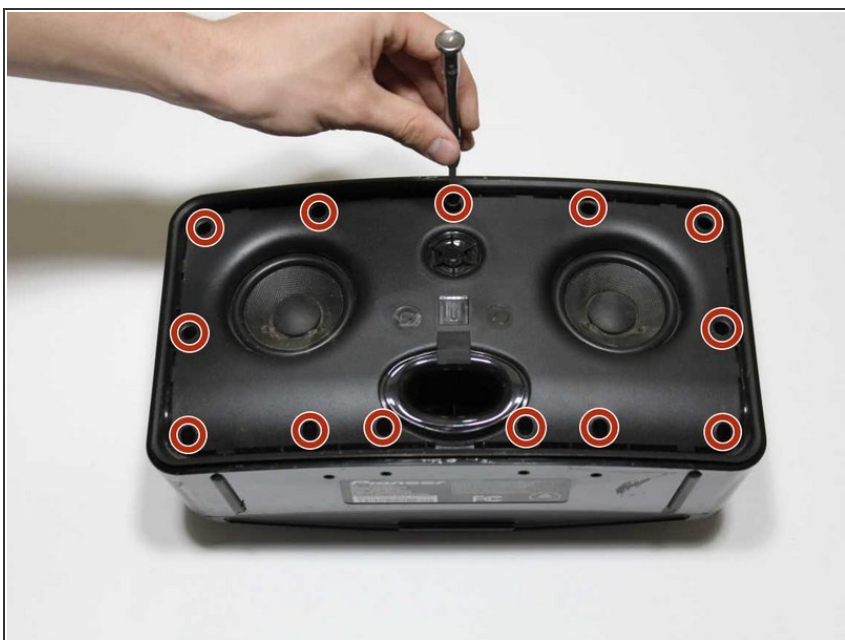

- [Metal Spudger](#) (1)
  - [Phillips #1 Screwdriver](#) (1)
-

## Step 1 — Front Panel

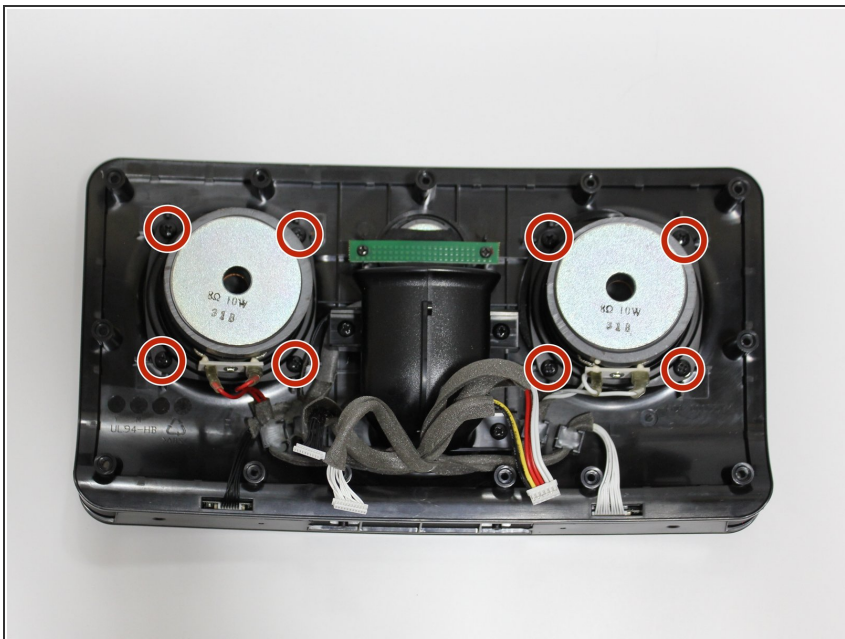

- Use the spudger to remove the mesh front panel.

## Step 2 — Speaker

- Use a Phillips #1 screwdriver to remove the thirteen 12 mm screws in the speaker frame.
- Remove the speaker frame by pulling vertically and flip to reveal the speakers.

### Step 3

- Use a Phillips #1 screwdriver to remove the eight 12 mm screws from the left and right speakers.

### Step 4

- Remove the left and right speakers from the speaker frame by pulling gently up and detaching the wires.

To reassemble your device, follow these instructions in reverse order.
