INTRODUCTION

Removing the grip panels allows you to change the battery and allows you to remove the frame, which gives access to more parts of the marker.

TOOLS:

- Macro Bit Set (1)

Step 1 — Battery and Grip Panels

- Use the 5/64" hex key to remove the screw shown.
- Remove the grip panel by gently holding the bottom of the panel and lifting the panel off.

(i) If you are only replacing the battery, skip the next step.

(i) The screws in this guide are interchangeable with those shown in the Eyes replacement guide.

Step 2

- Flip the marker over and use the 5/64" hex key to remove the screw shown.
- Remove the grip panel by gently holding the bottom of the panel and lifting the panel off.

Step 3

- Carefully remove the 9V battery and connector.
- Remove the 9V battery from the connector.

To reassemble your device, follow these instructions in reverse order.
