# Planet Eclipse Geo3 Battery Replacement

Replacing the battery.

Written By: Rett Triplett
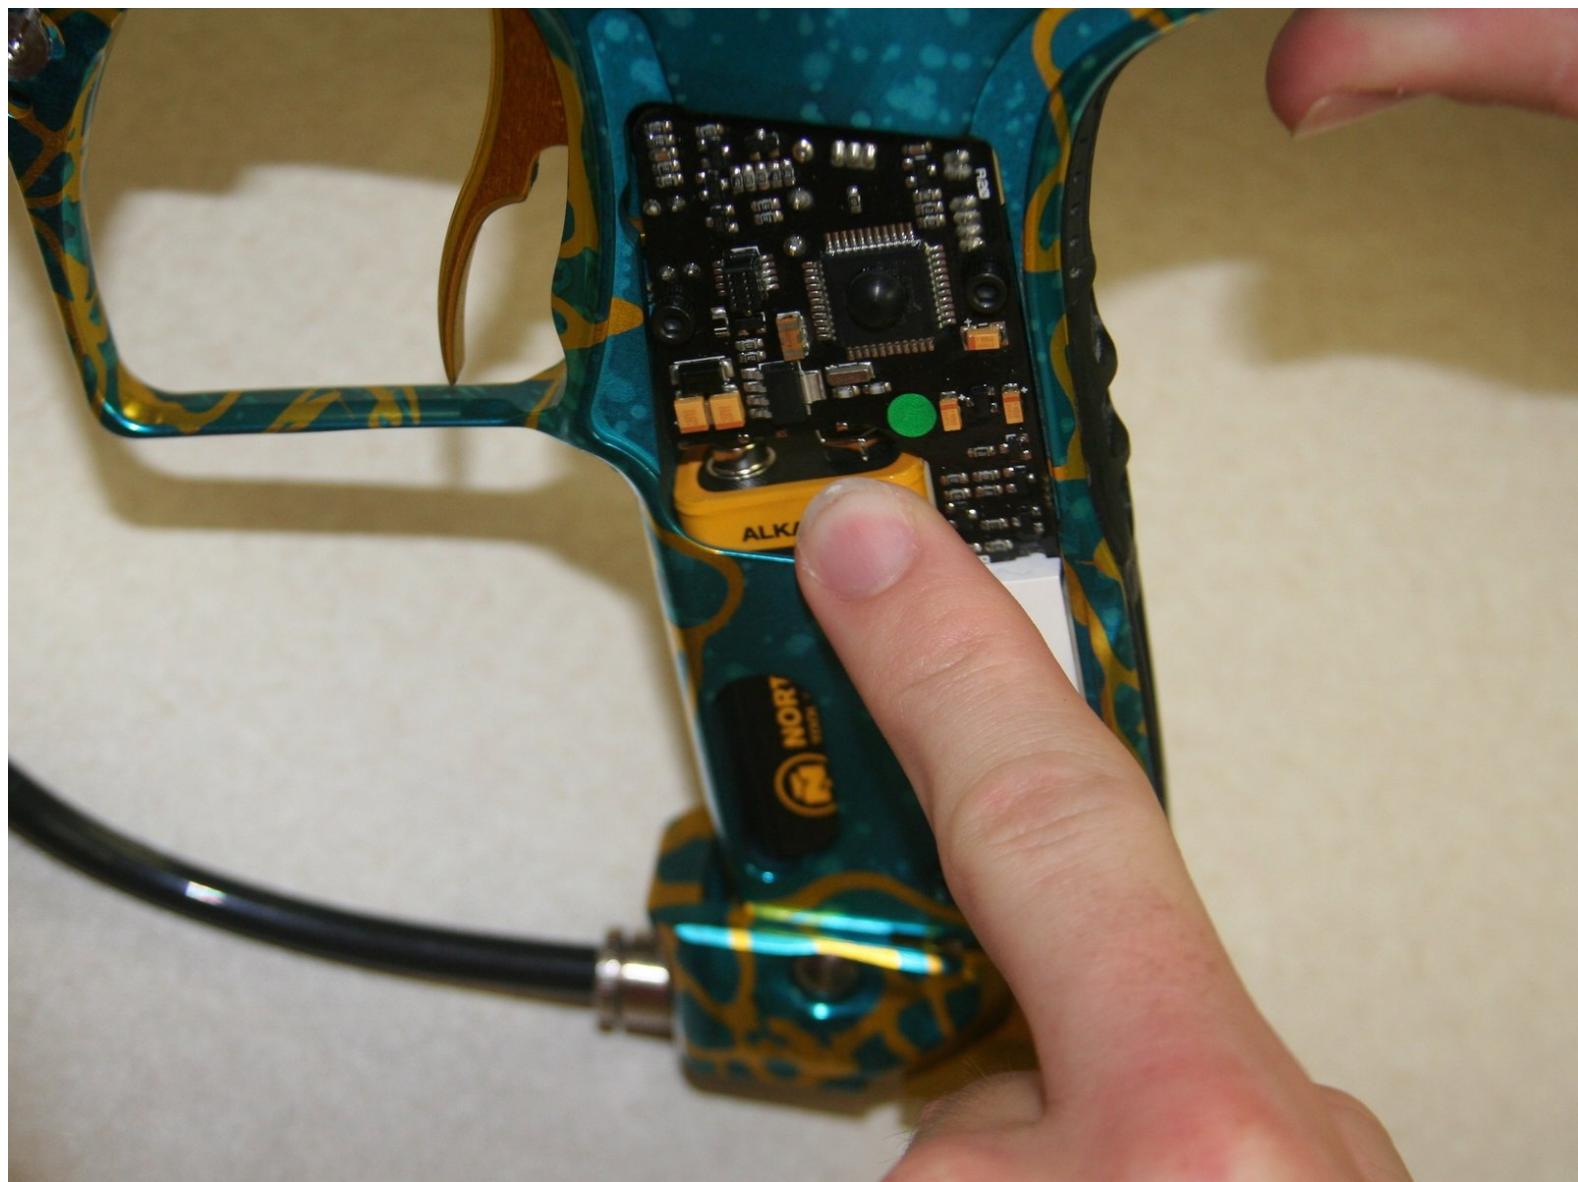

INTRODUCTION

Planet Eclipse Geo3 Battery Replacement

TOOLS:

- 5/64" Allen Wrench (1)

PARTS:

- 9V Battery (1)

Step 1 — Grip

- Remove the four screws from the grip with the 5/64" allen wrench. There are two on each side.

Step 2

- Pull the grip away from the frame.

Step 3

- Pull the grip through the opening.

- The grip is connected in the middle and is one piece.

Step 4 — Battery
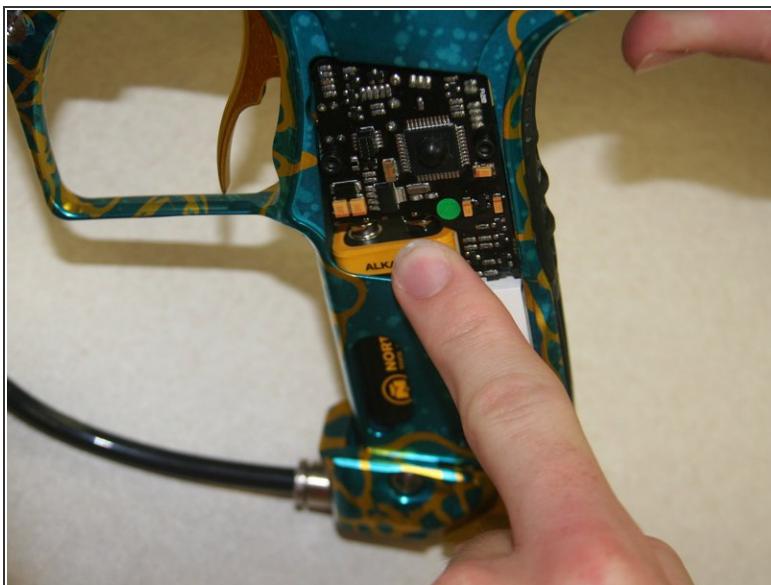

- Push out top of battery from left side of grip.

This document was generated on 2019-09-22 01:52:14 PM (MST).

Step 5
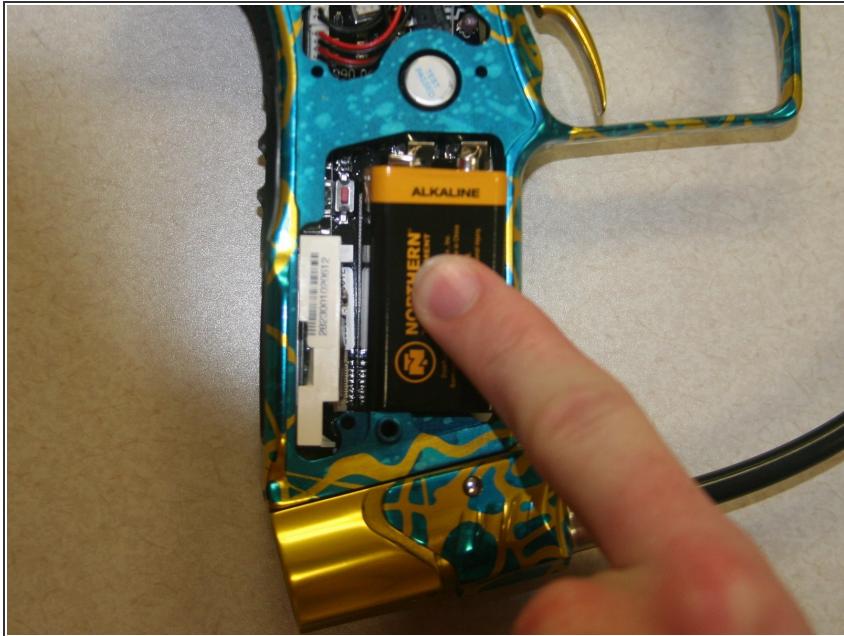

- Push new battery into right side of grip, inserting the bottom first.
  - *Be sure to match the signs of the battery and the terminals. The terminals are labeled just above the battery on the right side.*

To reassemble your device, follow the Disassembling Planet Eclipse Geo3 Grip in reverse.
