Step 1 — Razer Naga Epic Chroma Disassembly

- Remove the teflon tape from the bottom of the mouse with a spudger.

Step 2

- Remove the four screws with the Phillips head #00 screwdriver.
Step 3

- Gently pull on the top plastic plate of the device and carefully unplug the white cord from the circuit board.
Step 4

- Gently pull up on the two side plastic plates.

Step 5 — Battery

● Take a nylon spudger and gently pry the battery pack from the device.

Step 6

● Unplug the power cord from the circuit board.
