

Remington MB4040 Battery Replacement

Guide to show battery replacement.

Written By: Cameron Carnahan

INTRODUCTION

The battery is where the charge is stored and allows the motor to run. The battery is connected to the motor through the motherboard.

TOOLS:

- [Heavy-Duty Spudger \(1\)](#)
- [Phillips #00 Screwdriver \(1\)](#)
- [iFixit Opening Tools \(1\)](#)
- [Small Needle Nose Pliers \(1\)](#)
- [Tweezers \(1\)](#)
- [Soldering Workstation \(1\)](#)

Step 1 — Remove Blade Assembly

- Press the black button below the blade to remove the blade.

Step 2 — Remove Back Cover Hardware

- Place the device so the back of the product is facing up.
- Remove the two 11.0 mm PH00 screws from the black plastic housing at the bottom of the device.

Step 3 — Remove Front Cover Hardware

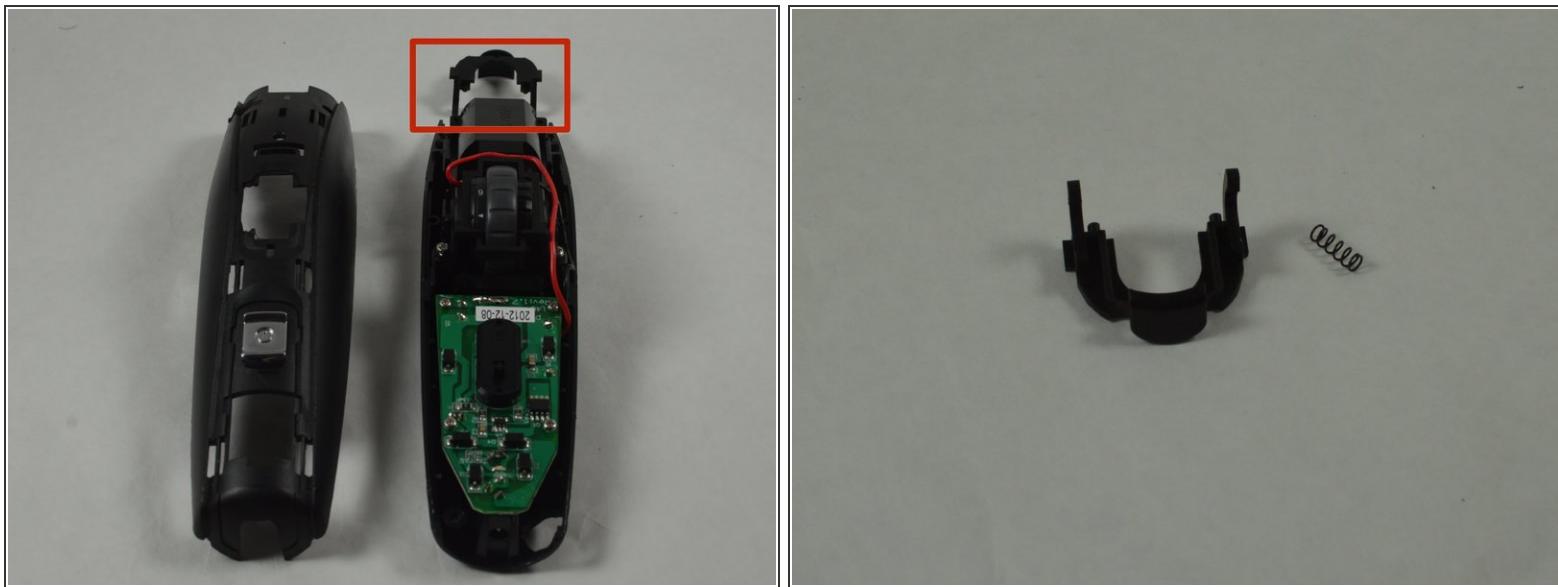

- Remove the chrome plated plastic piece by using the plastic opening tool to pry it from the housing assembly.
- Remove the small clear plastic piece that covers the zoom wheel numbers.

Step 4 — Front Cover (cont.)

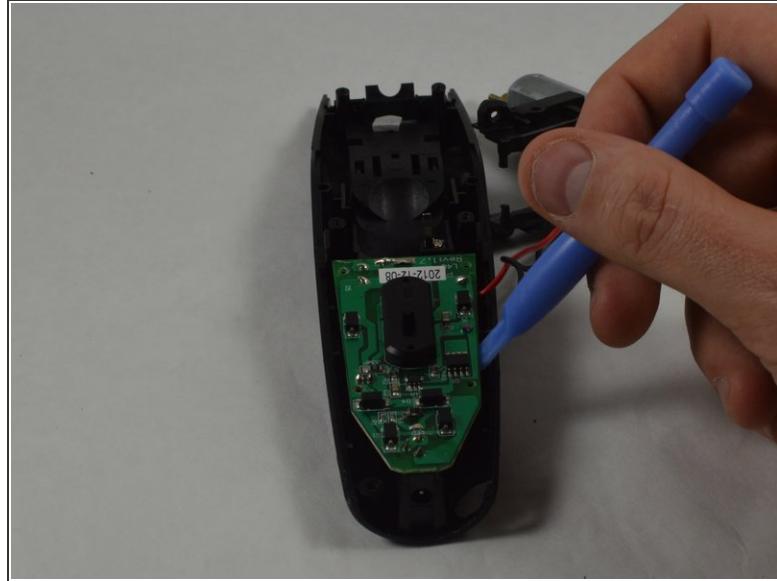

- Remove the two 16.0 mm PH00 screws from the front cover.
- Use the blue plastic opening tool to pry apart the two halves of the device.

Step 5 — Blade Button Removal

- Remove the black blade button and the two 10.0 mm springs, which are sandwiched between the cover assembly halves.
- The blade button is sandwiched between the halves and the two springs may fall out when the halves are separated.

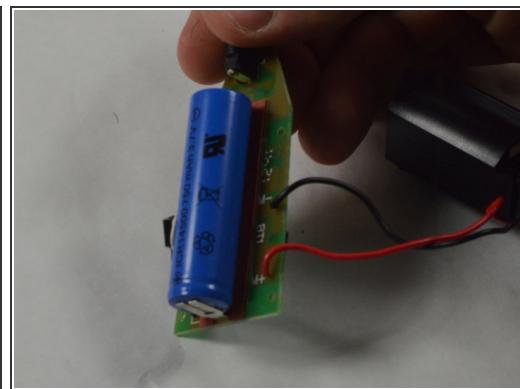

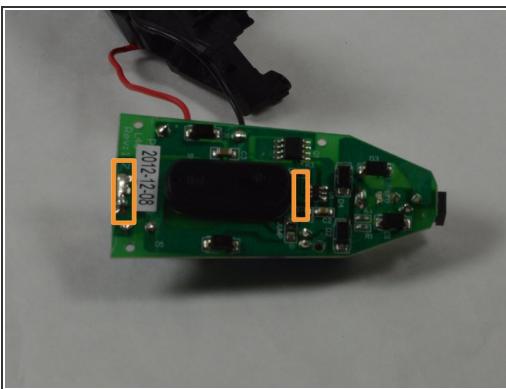

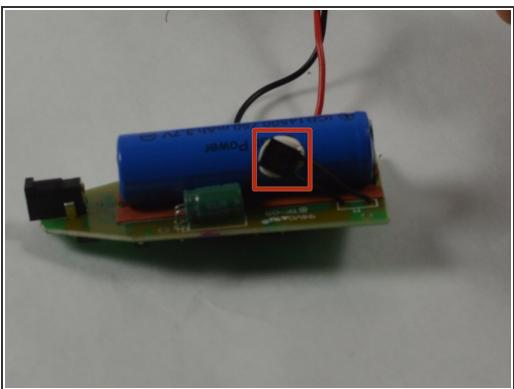

Step 6 — Remove Motherboard

- Remove the four 9.0 mm PH00 screws from the motherboard.
- Use the plastic opening tool to remove the motherboard from its housing.

(i) This can be completed with the [Remington MB4040 Zoom Wheel Replacement](#) installed or removed. Just adjust the zoom wheel until it no longer covers the motherboard.

Step 7 — Remove Battery

- Remove the thermal switch from the battery by using the spudger to pry it from the adhesive.
- Remove the battery by desoldering the battery from the motherboard.

(i) Soldering tabs hold the battery onto the motherboard.

To reassemble your device, follow these instructions in reverse order.
