

Remove the front and back covers

This step follows the removal of the screws.

Written By: Paulina Trujillo

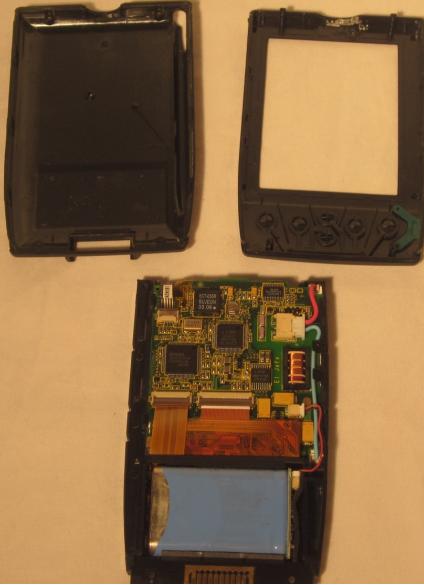

INTRODUCTION

After the removal of the screws, this step will allow you to open your device.

TOOLS:

- [Spudger \(1\)](#)

Step 1 — Remove the Front and Back Covers

- Using a spudger, carefully pry open the front and back covers along the side seam.

i A small sensor cover will fall out when the front and back covers are removed. Keep track of it.

To reassemble your device, follow these instructions in reverse order.
