INTRODUCTION

You will learn how to repair a slipping scroll wheel on your LG Magic Remote.

TOOLS:

- [injectienaald; secondenlijm](#) (1)
-

Step 1 — Repair guide slipping scroll wheel LG Magic Remote AN-MR400

- Get your syringe and suck a small amount of glue out of the tube.

Step 2

- Insert the needle of the syringe into the rubber of the scroll wheel until you hit the hard part of the scroll wheel.

Step 3

- Insert a small amount of glue underneath the surface of the rubber. Repeat this at two other parts of the scroll wheel. Let it dry for 10 minutes. Problem should be solved!
