Step 1 — Repairing Lenovo Ideatab A1000 Power on and Charging Failure Issue

- 1. Download A1000FixToo.exe from here: http://mobilesupport.lenovo.com/us/en/pr...

- 2. Download MT65xx preloader drivers from here: http://forum.xda-developers.com/showthre...

- 3. Open Device Manager, A1000FixTool.

- 4. Connect a USB cable to the computer.

- 5. Press and hold the "Volume Up" key on the tablet.

- 6. Connect the micro USB to the tablet.

- 7. When you see !MT56xx preloader, choose it and update the Driver.

- 8. When the driver installation is finished, the A1000FixTool will find and fix the tablet quickly.

To reassemble your device, follow these instructions in reverse order.
