## INTRODUCTION

Prerequisite guide—follow these safety steps before you work on the Classen Over Seeder TS20HD.

### TOOLS:

- [Wheel Chocks](#) (1)
-

## Step 1 — Safety precautions

 Before you begin, ensure that the machine is powered down and cool to the touch.

- Disconnect the spark plug to prevent the engine from accidentally starting up during service:
  - Grab the plastic housing at the end of the spark plug wire.
  - Pull firmly to disconnect the wire from the spark plug.

## Step 2

- To prevent the over seeder from rolling during service, place wheel chocks behind a rear wheel.

To reassemble your device, follow these instructions in reverse order.
