

# Samsung ATIV Book 9 NP900X3K-S01US Keys Replacement

How to replace keys for Samsung ATIV Book 9.

Written By: Douglas Brown

## INTRODUCTION

Are the plastic keys on your keyboard broken and need replacement? This guide is here to assist you in replacing the key covers for your Samsung ATIV Book 9. A plastic opening tool is necessary for replacement.

### TOOLS:

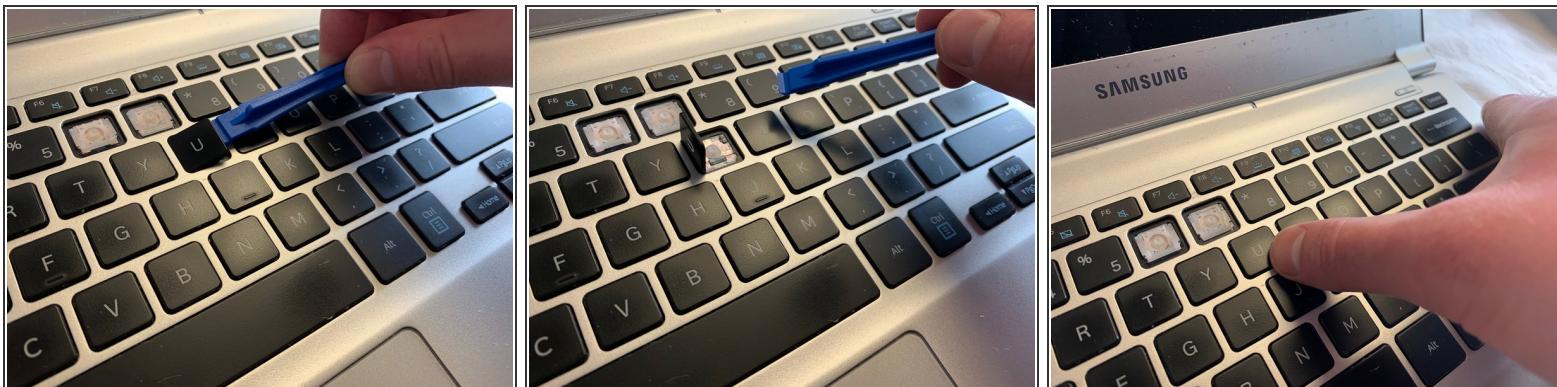

- [iFixit Opening Tools \(1\)](#)

## Step 1 — Keys

- Lay laptop flat and open it so that the keyboard is facing you.
- Using the plastic opening tool, push the thin tip underneath the key.

## Step 2

- Pry the key off of the keyboard by lifting the opening tool while pivoting the tool upwards.
- Keep lifting until the key is removed. Repeat as needed for other keys.

! Be gentle when removing the keys. Keys may break if not gently lifted out.

To reassemble your device, follow these instructions in reverse order.
