INTRODUCTION

Use this guide to replace the microSD card.
🔧 TOOLS:

- iFixit Opening Tools (1)
- Spudger (1)

　　　　　　　　　www.iFixit.com

Step 1 — Rear Case

- Insert a plastic opening tool, or your fingernail, into the opening near the left side of the headphone jack.

- Pry the opening tool downward to pop the rear case from its clips securing it to the the midframe.

Step 2

- Lift and remove the rear case.

Step 3 — microSD Card

- Use the flat end of a spudger, or your fingernail, to press the microSD card slightly deeper into its slot until you hear a click.

- After the click, release the card and it will pop out of its slot.

- ⭐ During reassembly, push the microSD card into the slot until it clicks in place.

Step 4

- Pull the microSD card away from its slot.
