

Samsung Galaxy Luna Battery Replacement

This guide will help the user to replace a battery

Written By: Balqees

INTRODUCTION

Use this guide to replace the battery.

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Battery

- ⚠ Ensure the device is powered off before attempting to disassemble it.
- Use a plastic opening tool, or your fingernail to take off the rear case by prying the divot to the left of the camera.

Step 2

- Lift the rear case by the corner nearest the divot and remove it from the phone.

Step 3

- Locate the notch in the lower right corner of the battery then lift the battery out.

To reassemble your device, follow these instructions in reverse order.
