

Samsung Galaxy Note 4 SIM Card Replacement

Replace the SIM card in your Galaxy Note 4.

Written By: Derek Nola

INTRODUCTION

This guide will show you how to replace your SIM card in your Samsung Galaxy Note 4. You may need this guide if your phone is having trouble connecting to the cellular network.

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Rear Case

- Insert a fingernail or plastic opening tool into the divot to the left of the rear-facing camera.
- Gently pry and twist the flexible rear cover off the back of the phone.

Step 2 — Battery

- Insert a fingernail or plastic opening tool into the recess in the bottom right corner of the battery and lift upward.
- Remove the battery.

Step 3 — SIM Card

- Remove the SIM card by first pushing the card slightly out of its housing, then pulling it the rest of the way.

To reassemble your device, follow these instructions in reverse order.
