

Samsung Galaxy Star Pro Battery Replacement

This guide will give step by step on how to replace a battery. Battery replacement occurs when the life of current battery is poor.

Written By: Victor bader

INTRODUCTION

Batteries over time can become dead and will no longer hold a proper charge and effect phone performance immensely. The battery powers your phone to keep you going on your everyday needs. Without the battery the phone is useless. This guide will show you how to easily replace the battery on your own.

TOOLS:

- [iFixit Opening Tools \(1\)](#)

Step 1 — Battery Replacement

- Place phone firmly between both hands with one hand flat on the back of the phone and pop off the back cover

Step 2

- Once rear cover is off use small plastic spudger to lift battery out of the phone

To reassemble your device, follow these instructions in reverse order.
