

# Samsung Jack Rear Case Replacement

Replace the Samsung Jack's rear case.

Written By: Paul Piller

# INTRODUCTION

Use this guide to install a rear case.

## TOOLS:

- [Phillips #00 Screwdriver](#) (1)
- [iFixit Opening Tools](#) (1)

## Step 1 — Battery

- Slide the battery cover downwards with pressure focused on the center of the cover.
- Lift the cover off of the phone.

## Step 2

- Grasp the bottom left and right corners of the battery and lift it from its housing.

## Step 3 — Rear Case

- Remove the four black 7.30 mm screws surrounding the battery housing using a Phillips #00 Screwdriver.

## Step 4

*(i)* The rear case is firmly attached to the phone with clips. Do not be afraid to use a little extra force.

- Insert the Plastic Opening Tool in between the front and rear cases.
- Pry with the Plastic Opening Tool around all edges of the phone until you free all the clips.

## Step 5

- Lift the rear case off of the phone.

To reassemble your device, follow these instructions in reverse order.
