INTRODUCTION

This guide will teach the user how to disassemble and repair their Samsung NP R580 JBB2.

This document was generated on 2019-09-30 07:10:09 AM (MST).

Step 1 — Battery

⚠️ Power off laptop before starting.

● Find the battery latches.

Step 2

● Move the battery latches outwards into the unlocked position and grasp the battery latch.

Step 3

- Slide the battery pack upwards out of the battery housing.

To reassemble your device, follow these instructions in reverse order.
