## INTRODUCTION

This guide will help you replace your old microSD card that may be full, with a new one.

### PARTS:

- [SanDisk microSD Card](#) (1)
-

## Step 1 — microSD Card

- On left hand side of your SmartCam there is a slot for you to press in order to release your old microSD card.

## Step 2

- Take a new microSD card and insert it in the same slot.

Replacing microSD card doesn't require disassembly of Samsung SmartCam.
