

Shark Rocket HV381 Brush Replacement

How to replace the brush on the Shark Rocket HV381.

Written By: Dandre Porter

INTRODUCTION

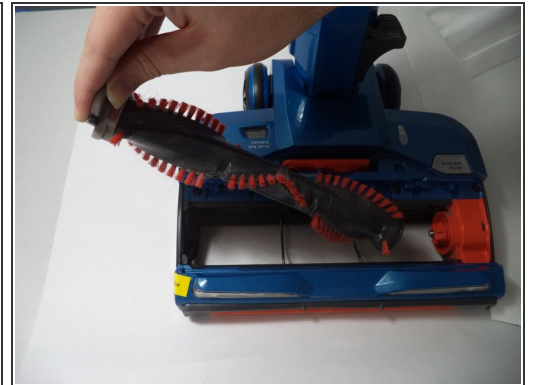

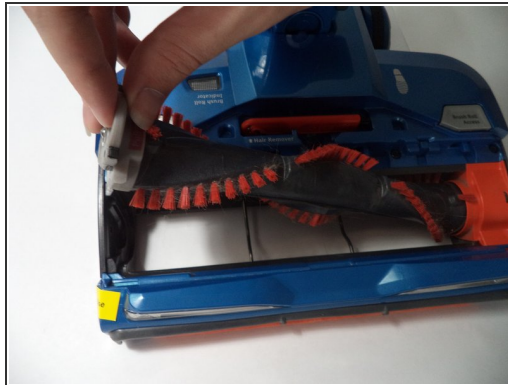

This guide will tell you step by step how to replace a malfunctioning Brush. on the Shark Rocket HV381.

Step 1 — Brush

- On the top of the vacuum head is two grey "Brush Roller Access" buttons. Simultaneously press both buttons to eject the Roller Cover. Remove the Roller Cover by pulling it towards you and up.

Step 2

- The "Pull Tab" tab is located at the right. Pull the Tab up and to the right for removal.
- ⓘ The Brush is sticky so hold the vacuum head with one hand and give the tab a moderate tug.

To reassemble your device, follow these instructions in reverse order.
