

Siemens A56 Battery Replacement

This guide will describe the steps necessary to remove the back cover and replace the battery.

Written By: Alex Garrett

 **TOOLS:**

- [iFixit Opening Tools \(1\)](#)

Step 1 — Battery

- Press down on the grooved area firmly in the direction of arrow #1.
- While maintaining the downwards pressure, push the back cover in the direction of arrow #2 until the back cover slides off.

Step 2

 Turn off the phone before removing the battery to avoid damage.

- Press the latch on the battery in the direction of arrow #3.
- Lift battery at the cutout on the side of the phone, then tilt upwards and remove.

(i) It may be necessary to use the tip of a fingernail or a plastic lifting tool to remove the battery.
