Sony DSC-RX100MA Back Cover Replacement

This guide will show you how to replace the back assembly of the camera.

Written By: KC Egger

INTRODUCTION

Need to clean the inside of the camera? Start by taking off the back cover.

🔧 TOOLS:

- Phillips #0 Screwdriver (1)
- iFixit Opening Tools (1)

Step 1 — Back Cover

- Remove battery by sliding the tab to open the cover

Step 2

- Using the screwdriver, remove all screws (black 2.5mm) from outermost layer of the assembly.
- ⓘ **All screws in the camera can be removed with the PH 0 driver head.**

Step 3

- Also using the screwdriver, remove screws (black 2.5mm) underneath articulated LCD screen.

- Remove the marked 1 mm screws with the screwdriver

Step 4

- Using the plastic opening tools, carefully pry off the bottom plate.

⚠ Do not pull too hard as you may break the plastic casing.

Step 5

- Using the same plastic opening tools, separate the screen and back assembly from the front portion of the camera

- Once the back assembly is slightly detached, pull the media covers for the HDMI and Multimedia ports

Step 6

- Remove the back cover

To reassemble your device, follow these instructions in reverse order.
