

# Sony SPP-A946 Battery Replacement

Replacing your dead battery makes your phone charge and hold charge more efficiently.

Written By: Caleb Thomas

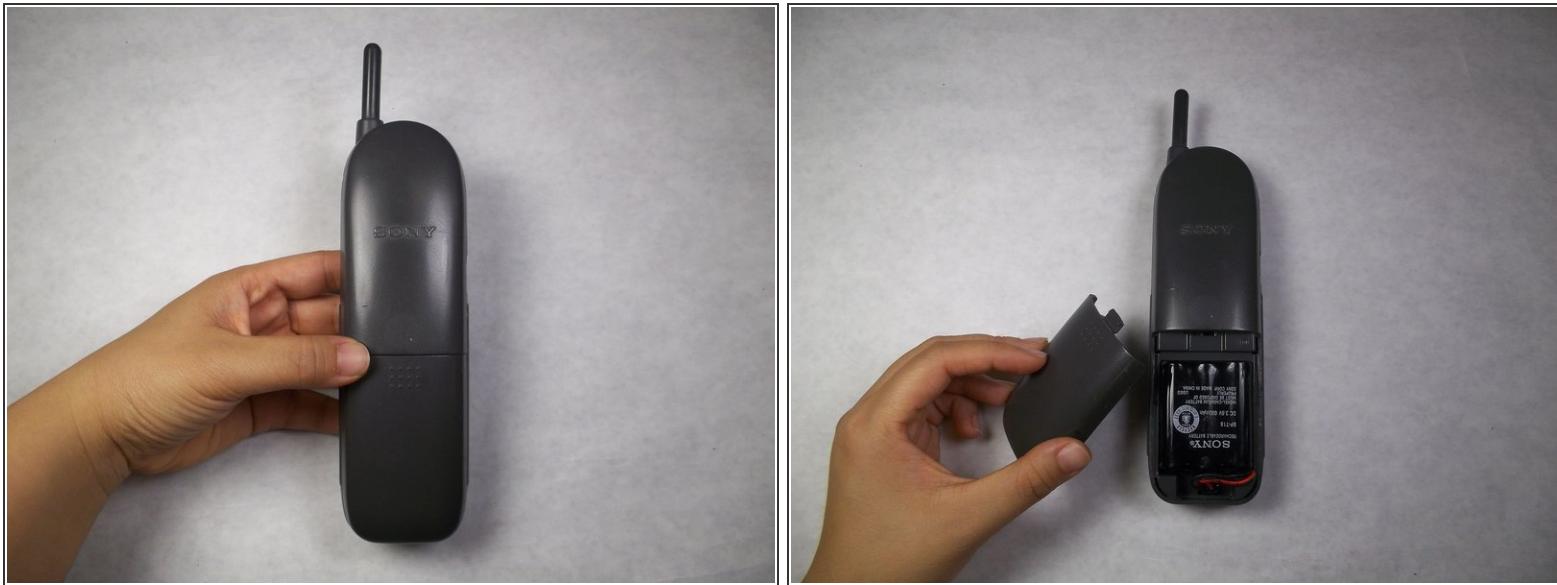

## INTRODUCTION

This guide shows you how to replace your battery.

Be aware batteries are made of toxic materials; battery acid could leak if the battery is severely corroded.

## Step 1 — Battery

- Remove the battery cover by placing your thumb on the cover and gently push towards the base of the phone.

## Step 2

- Remove the rechargeable battery pack (BP-T18) by pressing down on the power cable connector and pulling at the same time.

To reassemble your device, follow these instructions in reverse order.
