Step 1 — Earpiece Speaker

- Power off and remove two SIM card trays at first before earpiece speaker replacement.
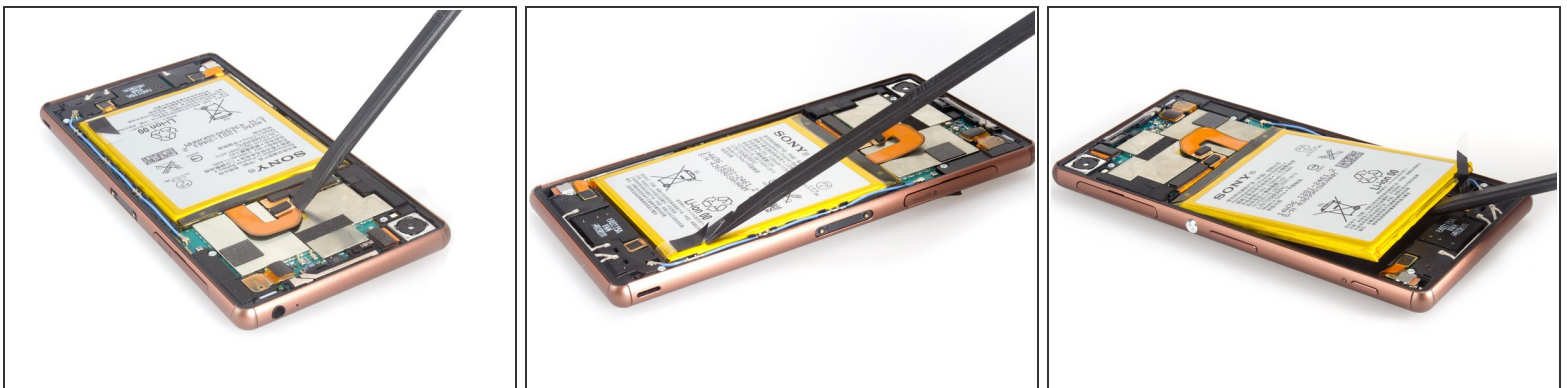

Step 2

- Heat to soften back cover adhesive sticker.

- Use suction cup to open a gap and insert into the guitar pick.

- Slide guitar pick to cut the sticker.
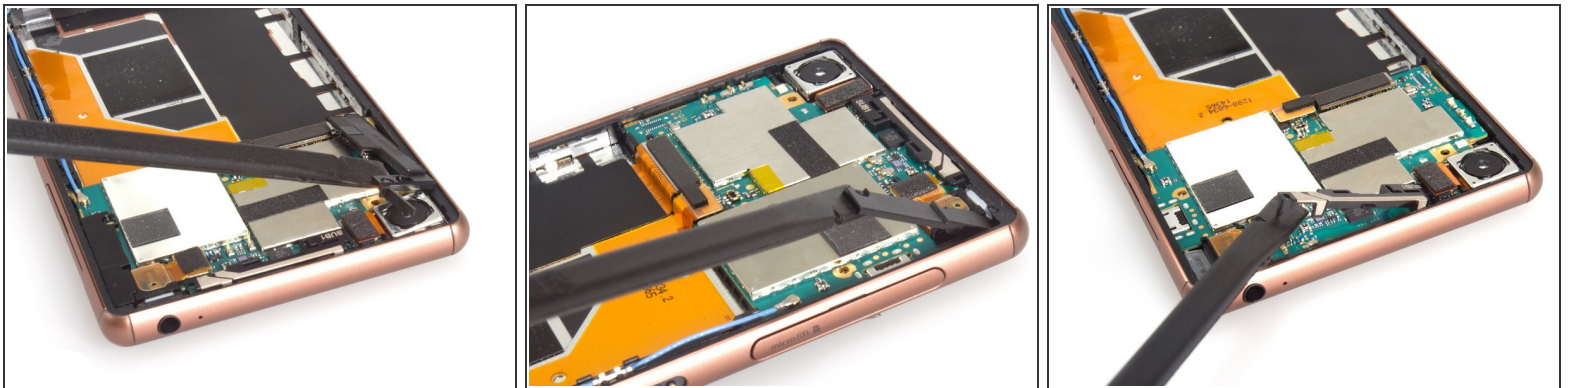

Step 3

● Remove back cover.

Step 4

● It's easy to remove the battery.

Step 5

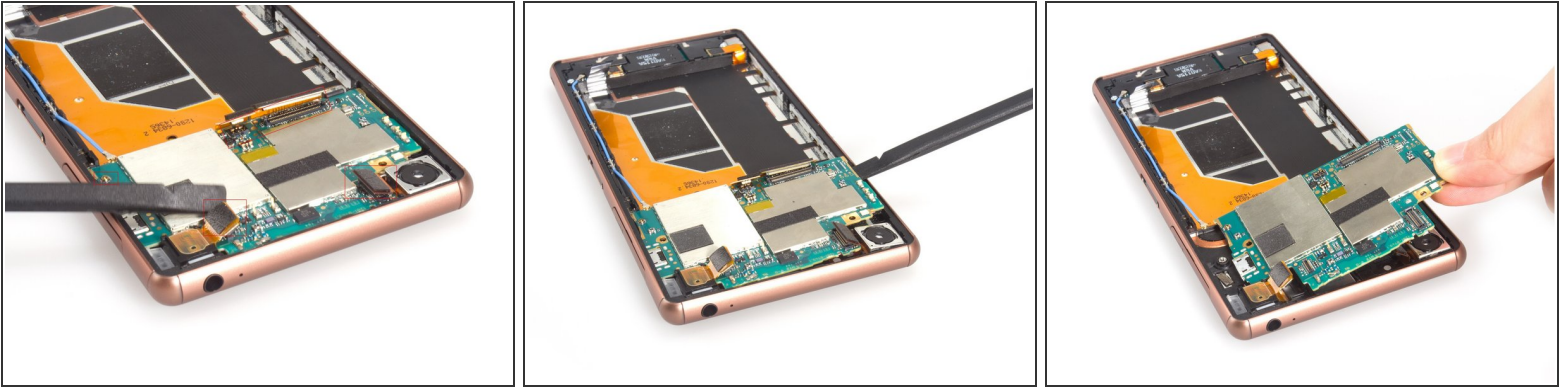

- Twist off two screws at first.

Step 6

- Remove three pieces of securing bracket.

Step 7

- Release all the connectors connecting with motherboard.

- Pry motherboard up from left side. It's really hold tightly by some hidden keys, so be careful.

- Remove motherboard.

Step 8

- Remove the blocker beside earpiece speaker and you can see the breakout to pry up the speaker.

- Remove earpiece speaker finally.

To reassemble your device, follow these instructions in reverse order.
