Step 1 — Magnetic Charging Flex

- Heat to soften back cover sticker.

- Place the suction cup and drag to open a gap.
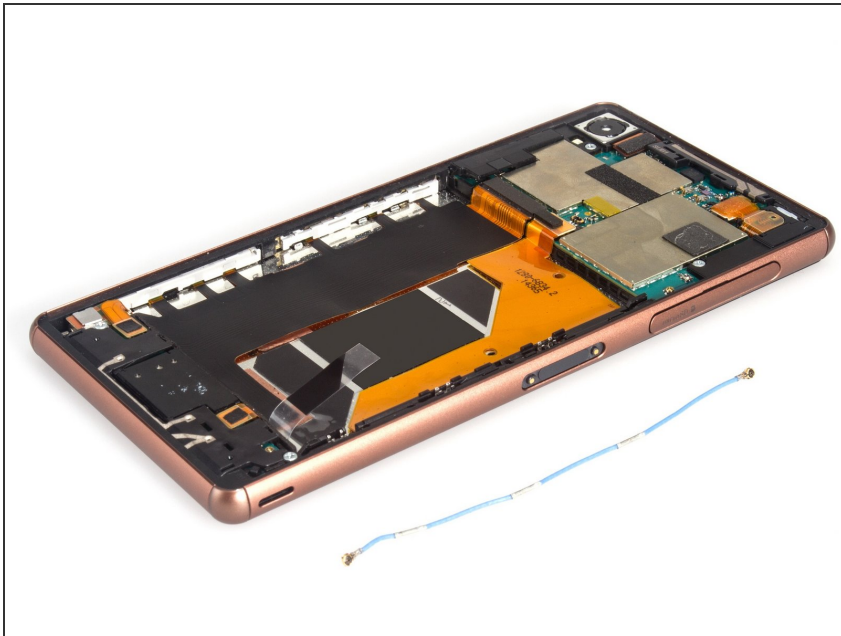

- Insert into guitar pick.

Step 2

- Slide the guitar pick to cut the sticker and remove the back cover.

Step 3

- Remove battery.

Step 4

- Remove signal flex.

Step 5

- Release magnetic charging flex with the motherboard.

- Get free the flex securing bracket from the hidden keys of mid frame.

- Remove the flex from several square stickers.

To reassemble your device, follow these instructions in reverse order.
