TOOLS:

- [Heat Gun](#) (1)
- [Suction Handle](#) (1)
- [iFixit Opening Picks set of 6](#) (1)
- [Spudger](#) (1)

PARTS:

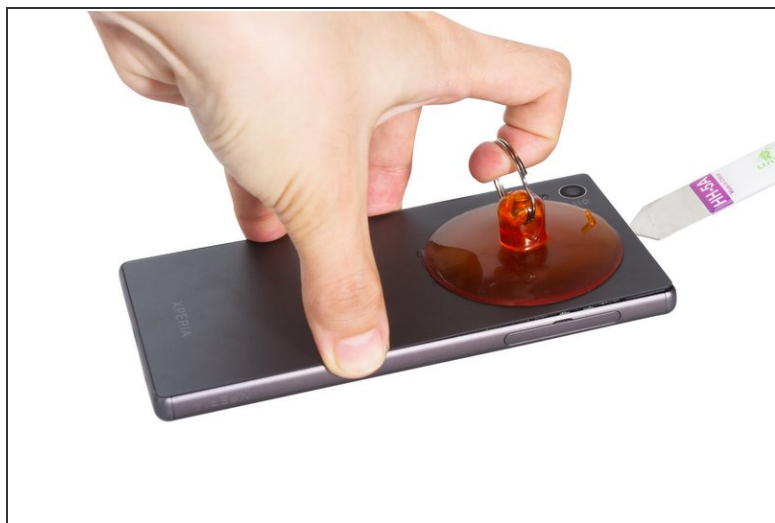

- [Sony Xperia Z5 Replacement Battery](#) (1)

Step 1 — Battery

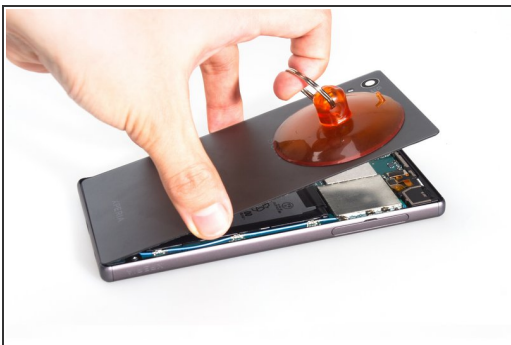

- Remove SIM card tray.

Step 2

- Heat the back cover to soften the adhesive.
- Place the suction cup and insert metal opening tool to open a gap from top side.

Step 3

- Insert the guitar picks and slide it to cut the adhesive underneath.
- Remove back cover.

Step 4

- Release battery connector and pull off the adhesive tape underneath.
- Pry up battery.
