

# SteelSeries Arctis Pro Plus GameDAC Headset Ear Cushions Replacement

How to replace SteelSeries Arctis Pro Plus GameDAC headset ear cushions.

Written By: Kyle Chang

## INTRODUCTION

If your ear cushions are worn or dirty, follow this guide to remove the cushions from the headset.

## Step 1 — Headset Ear Cushions

- Lift the edge of the cushion and pull out slightly.
- Work your way around the cushion until it comes off completely.
- Repeat for the other cushion.

To reassemble your device, follow these instructions in reverse order.
