

ThinkPad Edge E31 Battery Replacement

Lenovo ThinkPad Edge 13 E31 battery replacement guide.

Written By: Riley

INTRODUCTION

This guide is a step by step process for replacing the computer's 42T4815 6 celled lithium ion 73+ battery.

Step 1 — Battery

- There are two two locks for the battery, one on the left and one on the right.
- Slide the left lock to the left.

Step 2

- Slide and hold the right battery lock to the right.
- While holding the right battery lock, slide the battery up to remove it from the laptop.

To reassemble your device, follow these instructions in reverse order.
