

# TiVo Premiere XL4 Cover Replacement

This guide will help remove the case and replace it.

Written By: Frances Prewitt

## PARTS:

- [T10 Torx Screwdriver](#) (1)
-

## Step 1 — Case

- Power down the TiVo Premiere XL4 by detaching the power cable from the unit and power source.

⚠ Allow the box to cool for at least 5 minutes before proceeding to the next step.

## Step 2

- Remove the four 80 mm T10 screws from the back of the TiVo box using the Torx screwdriver.

## Step 3

- Take the outer casing by sliding the top of the box off of the component carefully, making sure not to damage the surrounding components inside.

To reassemble your device, follow these instructions in reverse order.
