# Toshiba Portege Z935-P300 Fan Replacement

Fan replacement on a Toshiba Portege Z935-P300
Written By: David Lopossa

INTRODUCTION

The fan in the laptop helps keep the components in the laptop from over heating. This part may need replaced in order to prevent overheating, or simply because the old fan no longer works. It is important to keep the fan away from electrical discharge, due to the potential for damage to occur.

TOOLS:
- JIS #1 (1)
- Spudger (1)
- T7 Torx Screwdriver (1)
